

# Scholarships available to help your entry into offshore wind

PRESENTED BY THE BUSINESS NETWORK FOR OFFSHORE WIND

The Business Network for Offshore Wind, the State of Maryland, and GE are pleased to offer scholarships to businesses that register and qualify. All scholarship recipients will be able to attend Central Atlantic Supplier Day, an Offshore Wind Ready training, and 2023 IPF free of charge. To qualify, businesses must be based in Maryland, Virginia, North Carolina, Delaware, or New Jersey, be registered in Supply Chain Connect, and fit a qualifying diversity classification. A full list of qualifying classifications can be found using the QR code below.

## CENTRAL ATLANTIC SUPPLIER DAY

Central Atlantic Supplier Day is a one-day supply chain event that connects companies from Maryland, Delaware, Virginia, North Carolina, and New Jersey with offshore wind developers, OEMs, and Tier 1 suppliers. Attendees will learn about the developer procurement process and network with key players in the industry, including representatives from Ørsted, Dominion Energy, US Wind, Atlantic Shores, GE, Crystal Steel, and others.

## OffshoreWindREADY

INDUSTRY EDUCATION

Scholarship recipients will also get the opportunity to attend an Offshore Wind Ready training session hosted by the Network. Offshore Wind Ready is a one-day educational program designed for businesses who want to learn more about specific business opportunities in the growing U.S. offshore wind industry. Attendees will learn about project development and the supply chain, helping businesses identify areas in which they can contribute to the offshore wind supply chain.

## IPF 2023 INTERNATIONAL OFFSHORE WIND PARTNERING FORUM

Finally, scholarship recipients will receive free admission to the Network's 2023 International Offshore Wind Partnering Forum (IPF), taking place in Baltimore from March 28-30. IPF is the premier offshore wind energy conference in the Americas, offering unparalleled networking opportunities by connecting global leaders and businesses in the supply chain. The conference will feature plenary presentations as well as 14 workshop tracks geared to different sectors of the industry.
