

Frostburg State University Education and Health Sciences Center

Informational session will be structured to give an introduction to the project, review general project requirements and timeline, and review MBE contracting & partnering opportunities.

March 4, 2020
1:00 - 3:00 PM

Montgomery College
Catherine F. Scott Commons
Suite TBD
7600 Takoma Avenue
Takoma Park, MD 20912

Project Description:

The project is a new four-story, 100,000 SF academic and research building Frostburg State University, including classrooms, laboratories, conference spaces, and faculty offices. The project is scheduled to be complete in 2022. The project is seeking LEED Silver Certification.
